Volunteer Management	Thursday	5/21/09

The purpose of The Nonprofit Leadership Institute is to provide:

- a comprehensive curriculum that will assure agency sustainability in the future
- targeted courses taught by professionals with significant nonprofit experience
- a class schedule sensitive to the needs of the nonprofit professional
- college credits that can be applied to college/university degree programs
- cohort style learning environment with collaboration and networking with peers that extend beyond the classroom

Enrollment is open to anyone who desires to enhance their knowledge of nonprofit management. The Nonprofit Leadership Institute is designed to minimize staff time away from the nonprofit business and maximize the return on that investment.
